Stealth LED™

Stealth LED™ is version of our popular Stealth 8000™ safety spectacle with integrated LED lights. The Stealth 8000™ is a lightweight safety spectacle, weighing just 26g, the wraparound 9 base curve polycarbonate lens has a built in adjustable PVC nose piece for added comfort and stability. We have added LED lamps to the side arms of the spectacle bringing the total weight to 48g (approx.)

Low profile tension control temples provide extra grip and are suitable for use with hearing protection. The LED lights are rotatable with independent switches providing practicality of use in low-light conditions and fine detail work.

Eye Protection

Stealth LED™ conforms to EN166.1.F & EN170

Features & Benefits

- Lens and frame offer protection against low energy high-speed particles at 45 m/s (101mph)
- The optical qualities of the lens comply with the requirements of optical class 1 (highest)
